Mr. Phil von Hake
President
PVH Communications
12050 West Rice Place
Morrison, CO 80465-1414

Dear Phil:

I want to compliment you on the great job you did setting up and designing our web site. It has given our company a professional image and marketing tool that has helped to grow our business. I appreciate the time you took to understand how we wanted it to look, made recommendations and it turned out just the way we wanted it.

I also appreciate the timely manner in which you handle any e-mail issues that arise from time to time. Whether we've added a new employee and require an e-mail address or if we're having technical issues all I have to do is send you an e-mail and the problem is corrected immediately.

Thank you for the great service and we look forward to continuing our relationship well into the future.

Regards,

Wade G. Hamlin
